

## Postgraduate Research Officer Falmouth REPORT

Term 1 2017 (November & December)

### What I've done

I have organised three ThoughtFeed sessions in October, November and December, for the Falmouth Postgraduate Research Community. I also ran a drop-in session for PGR students to talk, in confidence, about any issues they were having.

I reported to the 3D3 Management Board on the experience of Falmouth 3D3 Postgraduate Researchers.

### What I'm doing

I am currently working towards organising two socials, one: a music quiz, two: a walk. Dates and locations TBC, but aiming for early February.

I am also collecting testimonials from current PGR students regarding the difficulties of not having a dedicated study space within the institution.

### Other

None.
